WORK BETTER™

1st December 2015 to End of April 2016

Personal Shredders & Small office shredders

The only system saving energy in use- when it matters most!

When it comes to shredding, 80% energy saving consumption comes from in use activity. 'Fellowes' Energy savings System maximizes shredder energy savings 100% of the time- both in and out of use.

- In Use Savings - performance and power supply efficiency
- Out Of Use savings- standby and sleep modes activates when paper is inserted
